RE: COVID-19 & 2020 Personal Property Tax Listings

For taxpayers and preparers unable to timely file their 2020 Wake County Business Personal Property Tax and Individual Personal Property Tax Listings due to COVID-19 limitations, please submit a written request for waiver of the Late Listing Penalty that will be applied to listings received after the established filing deadlines.

Listings with previously approved extensions that are postmarked or received by July 31, 2020 should receive a favorable decision in response to requests for penalty waiver.

**Remember a written request for relief must be submitted for consideration.**
